## Pahokee Lions Spend \$662 Past Year To Buy Glasses

The Sight Conservation committee of the Pahokee Lions club, headed by D. B. Mathis, spent a total of \$662.00 during the past year to purchase glasses for youngsters who couldn't buy them themselves. Purchase of glasses for underprivileged is one of the outstanding jobs executed by the group of Lions in Pahokee.

During the past year 18 underprivileged children were furnished with glasses and allowed to continue their studies in school which would have been near the impossible had it not been for the Lions' efforts.

Chairman Mathis said: "The Lions club is anxious that every person who participated in this program receive his fair share of thanks. Had it not been for the splendid cooperation of the public we certainly could not have met and conquered this ever-increasing problem."

During the past year members of the club sold subscriptions to The Everglades News and garnered a healthy amount of cash for their sight conservation fund. They plan another such sales program in the immediate future.

## Ralph Grimes, John Hunt In City Race

This (Friday) afternoon at five o'clock qualifications will close for those who seek election to the city council in Pahokee. It will be necessary that the petitions offered by the would-be candidates have not less than 25 qualified endorsers before the filing date closes. Should the petition have the necessary 25 names and then it be found that some are not qualified voters in the city that will bring on more talk and possible disqualification of the candidate.

Ralph Grimes will offer for a seat on the council in Group 1. That seat is now held by George Tucker who will seek reelection. Hugo Boe holds a seat from Group 2 and will seek reelection. He will be opposed by John D. Hunt, Billy McKinstry, who was appointed to fill a vacancy, will offer for election for the remaining year of the unexpired term.

## Royal's, McArthur Erect New Building

Royal's is building a handsome new warehouse near the railroad track in Chosen immediately north of the Shirley plant on SR715. The new building will serve the several stores operated by that concern.

McArthur Dairy is having a new distribution building erected just north of the bridge in Chosen on SR715. All concrete construction, it will be a thoroughly modern structure when completed. The Glades customers of the popular dairy concern will be served from the new building.

## Airplane Owners Get Word Of Caution

If you own an airplane and it is tied down on the Glades Airport at Pahokee here is a suggestion from the Border Patrol that might pay off: Be sure and see that it is TIED DOWN securely. All owners have been cautioned by the Patrol to make sure that planes are under lock and key.

## Funds Are Lacking For Fireworks

The Pahokee Chamber of Commerce board of directors are making their second appeal to the residence of this area. "If the people want to have fire works on the night of July 4th, as has been the custom, they will have to donate to the funds necessary," said Karl Mindlin, chamber president. "The chamber just does not have the funds necessary to purchase the fireworks," he continued and the board agreed.

The amount needed to purchase the fireworks is \$800 and June the first is the deadline. If you, the people, want to have the display either send in your donation now, if you do not have the cash now and want to donate then call or write the Chamber of Commerce and give the amount you want to give by or before June 1. If you send your donations now and there are not enough funds by this date to purchase the fireworks, your donations will be refunded. Send donations to Pahokee Chamber of Commerce, 115 East Main Street, Pahokee.

## Traffic Count Is Up In Canal Point

The season's on! What season? Well, you take your choice. Maybe it's the tourist season. Or, maybe it's just a lot of local traffic but the official count of cars crossing the bridge in Canal Point is way up beyond what it was in January of this year. By more than 1200 cars a day.

Official count by the State Road Department on Tuesday morning showed that 5,507 cars crossed the bridge in the preceding 24 hour period. During a like period in January of this year a total of 4,305 cars crossed the bridge. Traffic showed an actual increase of 1,202 cars daily.

## LEAVES FOR TEXAS

Pvt. Bo Johannesson, of Sweden, now serving in the U. S. Army left Tuesday night for Ft. Hood Texas, while here he was th chouse guest of his cousins, Mr. and Mrs. W. E. Erickson. He also visited his other cousins, Mr. and Mrs. Floyd Erickson and family and Mr. and Mrs. Jack Wilson. Before coming here last week he had just completed his training at Ft. Benning, Ga.

## Brooks Henderson To Head Lions Club In Pahokee 61-62

Brooks Henderson, principal of Pahokee High School, will be elected President of the Pahokee Lions Club at next Tuesday's meeting, according to action of the club at last Tuesday's meeting when he was nominated for the position without opposition.

The nominating committee was comprised of Paul Tillery, chairman, James Harry Wilkinson and Robert Simonson. They presented their slate of officers for action by the club. Tuesday past was the day set for nominations from the floor and none were forthcoming.

As a result of club action officers for the 1961-62 year will be as follows:

Mr. Henderson, president; Kyle Scott, first vice president; Frank Tillery, second vice president; D. B. Mathis, third vice president; Bob Schroder, secretary; Ted Wilson, treasurer; Chester Mullis, Lion tamer; Glenn Brower, tautwister.

Two new directors will serve with the above named officials. They are: Duncan Padgett and Milton Salvatore.

## New House Open For Visitors Sunday

A recently constructed CBS home on First Street in Canal Point will be open for inspection Sunday afternoon between one and five o'clock, according to officials of the Kendall Construction Company of West Palm Beach who erected the new home for Mr. and Mrs. James Edward Rodgers.

The construction company cordially invites each and everyone to visit the home Sunday afternoon and see first hand what can be bought at a nominal sum. The two bedroom home built on your lot costs only \$8,250.00 and can be financed at \$62 monthly.

The Kendall concern is well and favorably known in Palm Beach county, having built more than 2,000 homes in the county during the past 15 years.

## Osceola Farms Is Sued On Contract

Osceola Farms Company, builders of a new sugar mill five miles east of Canal Point and north of Connors highway has a lawsuit filed in circuit court alleging breach of contract.

A \$15,000 breach of contract suit against Osceola Farms Co. was filed Tuesday in circuit court by the B and B Equipment Rental Co., Tennessee firm doing business in Florida.

This suit charges that Osceola Farms officials promised the equipment company it would get the contract for erecting the new sugar mill being built by Osceola east of Canal Point. The contract still hasn't been signed, the suit says.

## Child Labor Laws Prohibit Work During School Hours

### Unusual Tree In Canal Pt. Is "Butea"

The unusual tree growing in the front lawn of George Kingsley's home is in full bloom. Long spikes are covered with tangerine colored flowers and the only history of this tree is that it came as a bonus in with an order of flower seeds many years ago. "Butea" is the only name anyone knows. If you haven't seen it drive by Mr. Kingsley's home on third street in Canal Point. You will be glad you took the time to go by.

## Land Leveling To Be Demonstrated

County Agent Marvin (Red) Mounts sends out the following communication this week: For the last two years we have secured help from our Extension Engineers stationed at the University of Florida in presenting instruction on land leveling. This subject has been presented by these competent, well-trained individuals at the County Agricultural Center, 531 North Military Trail.

Those who have participated in these sessions have been uniformly pleased and grateful for the plans, the instruction effort and for the opportunity to secure instructions and practical training in the actual use of the instruments.

As we face the problem of finding profits in the use and management of our fields we are finding the cost of production increasingly high. We need to use all our land and to increase the efficiency of all farm land.

We are also finding waste land and spoil banks as a harboring center for insects, virus host plants and nematodes. There is little doubt that the importance of these good-management practices will increase in importance.

If you cannot be present try to have someone from your organization present.

Remember The Time - 9:00 a. m.

Remember the Dates - April 27 and 28.

Remember the Land Leveling Course.

No Charges! Just Take The Time to be Present.

## Barbecue To Help C. P. Cancer Fund

Mrs. Duke Tucker announces a final effort to raise money for the Canal Point area's cancer fund in the form of a barbecue supper at the Elks club in Pahokee. She said the supper will be held next Saturday night, April 29 and that tickets will sell for \$1.50. Serving will start at 6:30 p. m. The entire public is cordially invited to attend and participate in this worthy cause.

MIAMI—"Employment in agriculture is prohibited for boys and girls under 16 years of age where schools are in session". Clem J. Denicke, field office supervisor for the Wage-and-Hour Division of the U. S. Department of Labor, pointed out today.

Denicke issued that information for migrants arriving in the area to join in the annual vegetable harvest. Experience shows that many workers bring along their entire families, including children of school age.

"Crew leaders as well as parents need to know the requirements established by Federal Child Labor laws," Denicke said. "It is the responsibility of the crew leaders to check with local school officials."

Migrants will move from Florida to Georgia, then as far north as Connecticut. Along the route they will find schools in session. Federal law prohibits their children from working during any hours that local schools are having classes. Willful violations of the child labor law are subject to fines ranging as high as \$10,000.

Denicke also warned crew leaders against employing minors under 18 years of age to drive trucks or work as helpers on trucks. These jobs are classified as hazardous occupations for anyone under 18 and compliance will be checked by wage-hour investigators working in each state, Denicke said.

He urged employers, crew leaders and parents desiring further information about the Federal Child-Labor laws to write the Miami field office at Room 107, 1290 S. W. First Street, Miami. Free folders will be mailed on request.

## Funeral Services For R. E. Hodges, 16

Funeral services were held Monday afternoon for Richard Ellis Hodges, Jr., 16, of Belle Glade who died Saturday from injuries suffered when struck by an automobile driven by Mrs. J. T. Threlkeld. Highway Patrol declared the accident unavoidable.

Services were under the direction of the pastor of the Community Methodist church of Belle Glade, Rev. Lee D. Rustin. Burial at Port Mayaca.

He was a member of the Future Farmers of America, the Demolay, and the Community Methodist Church.

He is survived by his parents and a brother, Ronald Emory Hodges of Belle Glade; and a sister Patricia G. Hodges of Belle Glade. Grandparents are Mr. and Mrs. Carmen Salvatore Sr., Pahokee.

## Here's what the new $3\frac{3}{4}\%$ interest rate on U.S. Savings Bonds means to you:

**\$3 = \$4** *fourteen months faster than before*

### *The Bonds you own are better than ever, too*

The new  $3\frac{3}{4}\%$  rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra  $\frac{1}{2}\%$  from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

### **More advantages of U.S. Savings Bonds**

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

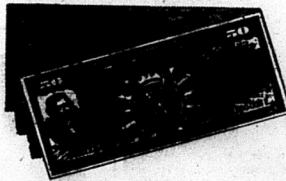

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

*You save more than money*

# Picture of a Promise

*Sure, she's a grand old flag!  
That's why we salute her.  
That's why we pledge allegiance to her.*

That pledge, in its simplest terms, is another way of saying, "Count me in. You're my country and I love you and need you. Your problems are my problems, and I'm with you all the way."

Your country's biggest single problem is the perpetual responsibility for keeping the peace its people want. You can help with this problem by remembering this:

**Peace costs money.** Money for military and industrial strength. Money for science and education. And money saved by individuals — by you — to help keep the economy strong. Bonds provide this money.

### Christian Science Group Of Canal Point

How hope is strengthened through spiritual understanding of the Bible will be brought out at Christian Science services Sunday. Readings from the Bible in the Lesson-Sermon on "Probation after Death" will include this passage from Romans (15): "For whatsoever things were written aforetime were written for our learning, that we through patience and comfort of the scriptures might have hope."

A correlative passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 446): "To understand God strengthens hope, enforces faith in Truth, and verifies Jesus' word: 'Lo, I am with you always, even unto the end of the world.'"

The Golden Text is from Revelation (3): "He that overcometh, the same shall be clothed in white raiment."

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q: How does the new  $3\frac{3}{4}\%$  interest rate benefit me?**

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{2}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q: When did the new rate become effective?**

**A:** June 1, 1959.

**Q: Does the new rate change the Bonds I bought before June 1, 1959?**

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q: Will the Bonds I own automatically earn their new rate?**

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q: When my E Bonds mature, will they keep on earning interest?**

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q: With the new interest rate, should I cash in my old Bonds and buy new ones?**

**A:** No. The automatic  $\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q: How are series H Bonds different from series E Bonds?**

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q: In what denominations can I buy series E and series H Bonds?**

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q: How safe are U.S. Savings Bonds?**

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q: What if my Bonds should be lost, stolen or destroyed?**

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q: Where can I buy Bonds?**

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?**

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

**YOU SAVE MORE THAN MONEY WITH  
U. S. SAVINGS BONDS**
